Student Image Consent

Please note that we require the return of this completed permission form with a clear indication if you do or do not consent to your child's image being used for the purposes outlined below.

As part of promoting the school's programs and student achievements, a number of publications are used. These publications include images of students without full names being attached.

During your child's time at Bimbadeen Heights Primary, we would like to take a number of photographs using both digital and video cameras to showcase various events at the school. These images may then be used in publicity brochures, internet pages, local newspapers, weekly newsletters, and various local community publications. This may also include other outlets asking your child/ren questions and their responses being recorded. Before using these images/audio, the school requires parental/guardian permission.
